

## Northern Columbia Basin Railroad Project

Grant County International Airport Thursday, July 19, 2007, 4 – 7 PM

The Surface Transportation Board, which has jurisdiction over freight rail construction, and the Washington State Department of Transportation are jointly leading the required environmental review of a proposed rail construction project in the Moses Lake area, called the Northern Columbia Basin Railroad Project. The Port of Moses Lake has proposed this project to encourage economic development and the continued use and preservation of rail in the region.

Your comments on the alternative alignments and possible environmental and community impacts of the project will be valuable input for the environmental analysis. Please leave your comments with us tonight or send them to Elizabeth Phinney, Rail Environmental Manager, by email, phinnee@wsdot.wa.gov, by fax, (360) 705-6821, or by mail, WA St. Dept. of Transportation, Freight Systems Division, PO Box 47407, Olympia, WA 98504-7407 by Thursday, August 9, 2007.

## Please tell us what you think

the proposed route runs through Black's Edition and adjacent to Longview Elementary. Many young thildren play in that area tuse the tracks as their ath to school with no supervision. Their safety needs scrious consideration. Phase consider alternate (If you need more space, please turn the page over.) routes for this area.  To add your name to the mailing list, please tell us the following:  Name Unda Roschow  Address 4101 Dunn St NE  City, State, Zip code Moses Lake, WA 98837	My concern with the railroad project is That
Children play in that drea & use the tracks as their path to school with no supervision. Their safety  Needs scrious Consideration.
